TECH COMMUNITY

★ CAMPUS PARTNERSHIP PROSPECTUS 2026-27

INDIA'S PREMIER DEVELOPER COMMUNITY

Empowering India's Next Generation of AI & Cloud Leaders.

The definitive institutional guide for Deans, HODs, and Student Chapters to co-host National Hackathons, Hands-on Cloud Masterclasses, and Placement Acceleration Drives on campus.

Generative AI

From the President's Desk

Dear University Leaders & Faculty Mentors,

Technology is moving at an unprecedented velocity. While traditional curriculums offer foundational computing theories, the modern engineering industry demands mastery of **Cloud Native Infrastructure, Distributed AI Systems, Production DevOps, and Defensive Cybersecurity**.

OrigoHOST Tech Community was founded to bridge this exact divide. We don't just teach code; we empower students to build real-world platforms, deploy scalable cloud microservices, and collaborate in national hackathons evaluated by senior CTOs and founders.

We invite your esteemed university to partner with us for the 2026–2027 academic session. Together, let us turn your campus into a high-octane hub for modern developer innovation.

Tarun Kumar
Founder & President
OrigoHOST Community

The OrigoHOST Mentor & Leadership Network
Engineers, cloud architects, and community organizers driving workshops across 100+ institutions.

02 / INSTITUTIONAL ROI

Why Universities Partner with OrigoHOST

Value Proposition

NIRF & NAAC Accreditation Boost

Directly supports Criterion 3 (Research, Innovations & Extension) and Criterion 5 (Student Support & Progression) through documented national hackathons, inter-college participation, and industry-sponsored certifications.

✓Verified Institutional Documentation

Accelerated Campus Placements

Our hackathons connect top student performers directly with recruiters, cloud consultancies, and product startups. Companies hire on actual verified project submissions rather than simple resumes.

✓70% Faster Hiring Pipeline for Students

Zero Software or Licensing Cost

OrigoHOST and its sponsor network provide cloud sandbox credits (AWS, GCP, GitHub Enterprise) so your students can experiment with real production servers without any budgetary burden on the university.

✓100% Free for Host Universities

Massive National Brand Outreach

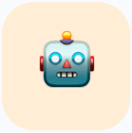

Your university brand is promoted across our network of 90,000+ developers, social channels, and media partners, establishing your campus as an innovative technology lighthouse.

✓Pan-India Media & Social Reach

03 / TECHNICAL DOMAINS

Core Workshop & Hackathon Tracks

Industry-Aligned Modules

Track 1: Generative AI & Autonomous Agentic Systems

Building with OpenAI, LangChain, Llama 3, and Vector Databases (Pinecone/Milvus). Students construct production RAG pipelines, autonomous agents, and fine-tuned open-source models.

Track 2: Cloud Native Architecture & Kubernetes

Containerization with Docker, Kubernetes cluster orchestration, Terraform Infrastructure-as-Code (IaC), and automated CI/CD pipelines deployed to AWS and Google Cloud.

Track 3: Cybersecurity & Threat Defense Operations

Defensive security frameworks, cloud posture management (CSPM), OWASP Top 10 mitigation, ethical penetration testing, and digital forensics in law-enforcement scenarios.

Track 4: Robotics, IoT & Edge Computing

Microcontroller programming (ESP32, Raspberry Pi, Arduino), autonomous sensor networks, and edge inference algorithms for real-time industrial automation.

SUPPORTED BY: AWS Cloud • Google Cloud • GitHub • NVIDIA • Digital India • MeitY

04 / SPECIAL CASE STUDY

Mathura Cyber Security Conclave

Law Enforcement Collaboration

IN PARTNERSHIP WITH MATHURA POLICE & ADMINISTRATION

Empowering 1,500+ Students & Officers in Threat Defense

In an extraordinary collaboration between academic institutions, tech professionals, and law enforcement, OrigoHOST conducted an intensive cybersecurity conclave in Mathura, UP.

The initiative educated over 1,500 students on identifying cyber threats, safeguarding critical IT systems, ethical hacking frameworks, and digital identity defense.

1,500+
Trained Attendees

100%
Real-World Case Studies

05 / NATIONAL GATHERINGS

National Hackathons & Knowledge Series

Campus Tournaments

Origo National Infra Hackathon & Summit

A 3-phase national innovation challenge with 1,918+ registrations. Teams built enterprise platforms, Kubernetes orchestrations, and AI microservices judged by top tech CTOs.

👥 1,918+ Builders ⚡ 500+ Projects

Knowledge Sharing Series: Intelligent Systems

Keynote session featuring **Kushagra Petwal** (Chairperson, Robotics Club, GB Pant University of Agriculture & Technology) and **Tarun Kumar** on autonomous systems and hardware engineering.

🎓 GBPUAT Campus 🤖 Embedded AI

Official Swag Kits & Merchandise

Premium Goodies

Why Students Love OrigoHOST

Every participating student and mentor receives our high-quality developer kit, fostering immense excitement and campus-wide enthusiasm for your event.

- Heavyweight Custom Tech Hoodies & Developer T-Shirts
- Holographic Metallic Vinyl Sticker Packs for Laptops
- Developer Lanyards, ID Badges, and Hardcover Tech Notebooks
- Sponsored Cloud Credits ($100–$500 value per participant)

07 / ACCREDITATION

Awards & QR-Verifiable Certificates

Verifiable Credentials

🏆

Campus Excellence in Tech Education

Conferred to partner institutions demonstrating exemplary leadership in modern developer literacy.

💡

Campus Innovator of the Year Award

Awarded to top student teams building deployable AI & cloud microservices during the hackathon.

🎖️

Best Technical Faculty Citation

Recognizing HODs and faculty advisors who facilitate progressive open-source adoption.

📜 ISO-ALIGNED VERIFIABLE CREDENTIALS

Tamper-Proof Digital Certificates

Every attendee receives an official, cryptographically verifiable certificate complete with unique Verification IDs, direct 1-click LinkedIn sharing, and lifetime verification on our portal.

How Your College Can Host Us

FORMAT 01

1-Day Deep Dive Masterclass

6-hour intensive hands-on bootcamp in AI, Kubernetes, or Cybersecurity for 150–300 students.

✓Live Project Building
✓Hands-on Lab Sandbox
✓Verified Digital Badges

Zero Cost for College

MOST POPULAR

FORMAT 02

24-Hour National Hackathon

Overnight inter-college hackathon with industry mentors, product pitches, swags, and sponsored prizes.

✓500+ Inter-College Builders
✓Industry Jury & Mentors
✓Placement Fast-Track

Turnkey Execution by OrigoHOST

FORMAT 03

Semester-Long Chapter (MoU)

Establish an official **OrigoHOST Student Chapter** on campus with monthly access to senior engineers.

✓Dedicated Student Lead
✓Bi-weekly Virtual Masterclasses
✓Startup Incubation Access

Institutional MoU

TURNKEY 3-STEP CAMPUS LAUNCH ROADMAP:

Step 1: MoU & Date Booking
College issues formal approval; tracks & dates finalized.

Step 2: Outreach & Portal
OrigoHOST handles portal, national promotion & mentor line-up.

Step 3: Live Campus Launch
OrigoHOST brings swags, certificates, badges & leads live labs.

09 / LEADERSHIP & CONTACT

Meet the Executive Leadership

Direct Connect

Tarun Kumar

FOUNDER & PRESIDENT

AI Engineer, Technology Entrepreneur, Researcher, and VP of Aadvick Foundation. Spearheads national campus partnerships and robotics initiatives.

🔗 Tarun Kumar

Ritik Kumar

CO-FOUNDER & TECH DIRECTOR

Enterprise SaaS Architect, AI Developer, CEO Binarize Technologies, and President Aadvick Foundation. Drives technical curriculum & cloud labs.

🔗 Ritik Kumar

Brajesh Kumar

COMMUNITY MANAGER & DEVREL

DevRel advocate and community growth lead. Manages campus ambassador chapters, hackathon logistics, and active developer relations across India.

🔗 Brajesh Kumar
